

13 RULES

1. What happens here, stays here. An experience reserved for those who are part of it.
2. Your identity is yours. Discretion is the most elegant form of presence.
3. Celebrate with grace, not vanity. Membership is to be honoured, not flaunted.
4. Honour your fellow members. All are part of the same ritual.
5. Savour the moment with respect. Mindfulness is the only required etiquette.
6. Digital silence. The virtual world remains outside.
7. Let the night flow with music and conversation.
8. Live the story, do not tell it.
9. What happens within remains concealed. Confidentiality is part of the luxury.
10. Do not recount the story—live it. Some experiences are not meant to be narrated.
11. Indulge yourself, but never lose decorum. Pleasure and elegance go hand in hand.
12. Connect with what is real. Here, every sense matters more than any distraction.
13. Mystery is at the heart of Motel. Preserve it with respect.
